# THE TAKEOVER

## OPEN HOUSE INVITATION

March 4th 2016 7.30 AM - 4.00 PM

SISTERS ACADEMY  
at Nova Academy  
Järnvägsgatan 2, 27280 Simrishamn, Sweden

It is our great pleasure to be able to invite you to visit Sisters Academy - The Takeover at March 4th 2016 when we open the doors and show you what happens when a performance art group takes over the leadership of an entire upper secondary school.

From the February 29th and two weeks ahead the performance art group Sisters Hope in collaboration with the art center Inkonst in Malmö, will take over the leadership of Nova Academy in a full-scale experiment where the school schedule is the only thing that remains from the old school order. For all the students and teachers the school will transform into a parallel universe - The classrooms will be lighted differently, soundscapes will be drifting in the hallways and a special dress code will be introduced. All is created in order to explore and facilitate a framework that allows a more sensuous and poetic mode of learning, being and being together.

The teaching staff at the gymnasium school Nova Academy in Simrishamn will be collaborating with Sisters Hope over the course of the months leading up to the manifestation to make this unique educational experiment possible:

"Creativity and inspiration are two main focuses at our school. Through Sisters Academy we hope to challenge our modes of working and ideas about learning and find new ways to a more inspiring and creative education."  
Andreas Liljeglimt, Principal at Nova Academy

Each teacher will innovate their classes to evoke more sensuous modes of learning and a large group of performers will move into the school and creates tableaux of inspiration and be in continuous dialogue with the students and teachers who carry out their educational development in the classrooms.

After months of preparation and one week of manifestation we invite you inside.
