Sisters Hope is currently open to new performers for the upcoming manifestation *Sisters Academy #6 - The Boarding School*.

The manifestation will unfold as an immersive and interactive boarding school exploring new modes of sensuous knowledge. The project is rooted in the activist intention to explore the notion of a potential future world that we term Sensuous Society (also see: www.sensuousociety.org).

Sisters Academy #6 - The Boarding School will manifest at Den Frie Udstillingsbygning in September and October 2017 as winners of Udstillingsprisen Vision 2016.

About Sisters Hope and Sisters Academy

Sisters Hope operate in the intersection of performance art, research, activism and pedagogy. We are working proactively toward manifesting a more sensuous and poetic educational system. Currently working on the large-scale project Sisters Academy – a school in a world and society where the sensuous and poetic mode of being is at the center of all action and interaction.

Being a performer in Sisters Academy

As a performer you will develop what we term 'A Poetic Self' – Not a fiction, not a character but your inherent poetic potential which you might not express in everyday life. You will become a Sisters staff member and step into one of the functions of The Boarding School. You will explore the potential of a sensuous educational system through the four methodologies (see above) that Sisters Academy is rooted in, in a wide scale performance installation. Creating a laboratory for others to explore and immerse in the investigation of the school of a sensuous society.
